Dr. Sellards' class in blowpipe analysis is progressing splendidly.

Old Tom George Hancock found a new mineral. He called it arsenopyrite. On February the 28th., we had oysters for supper.

G. Tarrosian is a hard man to lock up. "Sport" Winters got hit and Capt. Cox's dog jumped from the second story and sprained his leg the same day.

G. Tarrosian bought a new book on Socialism. Yes, he talks a little. He has almost converted "Big" Martin.

Hathaway did not wear his brown suit and derby last Sunday. Kirk says Hathaway was discharged from Brownsville during the disturbance down there.

One of our boys has a strange mania for petting pugs dogs. He near passes out with out stopping to pat it on the head. This modern Pied Piper may be seen on the streets any day with a pack of small canines trotting along at his heels.

"Broncho Buster"—Dean gave a free exhibition of the Buffalo Bill stunt in one act Sunday afternoon.

Swimming Pool.

Green sink, a pretty little lake near the University is being converted into a swimming pool for the boys. It is about forty yards in circumference fifteen or twenty feet deep and almost perfectly round. The water has been syphoned out and the muck and mud will be removed from the bottom which will then receive a layer of sand. The work will be completed in about a month longer. The pool will be a source of much pleasure to the boys and add not a little to the beauty of our campus.

Felkel and Sanborn analyzed a mess hall biscuit. They reported iron, manganese, copper, zinc, lead, hausmannite and speigelleisen. Traces of flour, sodium bicarbonate, aleaic acid, and sulphuretted hydrogen were also found. Fossil remains of flies and roaches were imbedded within its depths. The report was unhesitatingly accepted by Dr. Sellards and pronounced correct. Dr. Flint declared the mixture to be slightly unwholesome for all humans except niggers.

Annual Field Day.

On Friday afternoon, Feb 22nd., the Athletic Association inaugurated and successfully carried out the First Annual Field Day. No more fitting tribute to the sacred memory of George Washington could have been made. Clean manly sports, such as Washington himself indulged and excelled in were the order of the day, and to say that the 1st., Field Day was an unequalled success is expressing it very mildly.

The Athletic Committee of the Faculty had charge of the program and the events were run off with a precision and quickness that greatly pleased the large and appreciative audience that came out from town. Capt. Cox and Coach Forsythe went around among the merchants of Gainesville and succeeded in having donated a very acceptable and useful lot of prizes. These prizes were distributed on the point system, the man having the most points taking first pick, and so on down the line.

With the Athletic committee holding the watches and acting as judges assisted by Rev. Craighill, and with Coach Forsythe as Official Starter, the following events were contested for:

Prize bunch of Bannanas.

The 2nd Hurdle was the prettiest event to the spectators. Shands won by about 6ft.

Kime's high jumping had a beauty about it that appealed to all, and his case showed his knowledge of that branch of sports.

Shands won 1st place by hard work. Without a doubt he is the best all round athletic in the College.

The barrel race and cracker eating contest were both very funny and caused lots of fun among the spectators.

Corbett and Gibbs lost the three legged race by only two inches. Hard luck.

Thompson did some record r nning in the 220 dash.

The potato race was a killing event. Corbett set the pace, and a hot one too. He was leading Gibbs by 8 feet, but slipped on the hard wad and fell, scattering his potatoes. Gibbs was then 9ft. in the lead. More hard luck.

Did you see Pound skimming up that rope?

Co. B. isn't bragging much. They had a hard time with Co. A. and the result was so close that they didn't have any chance to crow.

Kirk's mess hall training stood him right up to scratch on that cracker eating contest. Guess he can eat 'em some.

Earman and Corbett fell far below their records in the pole vault, both having vaulted 7ft. 6in. Friday morning, with heavy shoes and clothes on.

If the contestants had had a mouths' practice instead of two days, some records for Worlds' Amateurs would come very near being broken.

The standing of the contestants was as follows: Shands, Tompkins, Kime, Gibbs, Corbett, Rader, Hancock, Earman, Pound, Ludwig, Kirk, Bryan, Mickler and Stevens.

Among the prizes were Gillette Safety Razor, 1 pair stetson shoes, 1 pair of Barry shoes, 2 jerseys, box Universalad cigars, pearl handle knife, box toilet soap, soap box, box writing paper, box dried figs, shaving brush, visiting cards, 6 months' subscription to The Elevator, 4 dinners at Brown House (to 1st man), bunch of bananas, one tie, order for horse and buggy for an afternoon, and four dollars in cash, with which were purchased one dozen silk ties.

The number and value of the list of prizes speaks well for the spirit of the merchants of Gainesville.

Here's hoping we can win out in a Triangular Track, meet with Rollins and Stetson next year. Its up to Captain Shands and Manager Gibbs to get things started.
